

Support Staff week **8-11 June 2021**

BUILDING THE FUTURE

Kindergarten and ECE Support Staff

All Support Staff play a vital role in building Kindergarten and ECE communities in Aotearoa and we're working together to build the future for all support staff.

Together teacher aides in schools won a pay equity settlement last year that has resulted in a pay scale of \$21.84 to \$35.72 an hour.

Together we will win fair pay for everyone working in education. We have already made a pay equity claim for support staff (including teacher aides/unqualified staff in teaching-adjacent roles) covered by the Kindergarten Support Staff Collective Agreement and we have met with employer groups to look at the way forward. We hope to use this in all settings to address the low pay of all support staff in ECE.
